Gail Piepgrass And Calgary Man Wed

On the twenty sixth of May, Bishop Golden Snow united in marriage Gail, daughter of Mr. and Mrs. Henry Piepgrass, and Keith, the son of Mrs. Hazel Nelson of Calgary. The bride entered on the arm of her father to the wedding march, played by Hazel Fairbanks.

For her wedding the bride chose a lovely gown fashioned with a full jacket which buttoned from the throat to waistline; in her arms she carried a bouquet of pink roses and white carnations. Her only jewelry was a pair of pearls earrings, a gift to the bride from the groom. He, in turn received a pair of cuff links.

Maxine Manchur, the bride's sister, was Matron of Honor in a yellow taffeta gown, while Janice West, Marie Thompson and Carol Archibald wore gowns of blue net and nylon and yellow taffeta respectively, each carrying bouquets of pink carnations. Mrs. Piepgrass chose a navy blue crepe frock with pink carnations, while the groom's mother was attired in rosebud crepe, with a white carnation corsage.

The groom's best man was his brother, George Nelson, and ushers were Darrel Piepgrass, Gordon Lee and Bob Litt.

During the signing of the Register Jeanine Jensen sang the beautiful song, "O Promise Me."

In between each talk a musical number was rendered with the following taking part; a saxophone solo by Larry Dahl, a Bee Hive Chorus singing "When I Read That Sweet Story of Old," a piano duet by Maybelle Anderson and Emma Dahl, a vocal solo, "Old Man River" by Kay Salmon, Mia Maid Chorus, "Only A Rose," and an organ solo by Hazel Fairbanks.

The Andrew Waltons Celebrate Golden Wedding Anniversary

Fifty years on May 25th, marriage vows were exchanged between Retta Anderson and Andrew Walton at the home of Will Knight, (which is now Roland home) with Pres. John W. Taylor officiating. For their honeymoon, they boarded a carriage and drove to Spring Coulee where the young groom worked on the railway — they enjoyed their stay there, having a gay time with the other young couples at the camp.

After homesteading a short while near Burdett they returned to Raymond where Mr. Walton worked for the Mercantile for nine years, later purchasing the farm now owned by Rabusics.

Although they have one daughter, Mrs. Mary Jensen, who was adopted in infancy, they have worked hard for and have been an influence for good in the lives of countless children in this community. Mr. Walton was a member of the early Mutual Superintendency and later in Sunday School Superintendency of the Second Ward; while Mrs. Walton spent seventeen years in the Stake Primary Association, from Play Leader to President, and ten years in the Stake Mutual. In later years she worked with the homemakers of the First Ward and then when the Wards were divided continued as Relief Society President of the Fourth Ward. In April 1953 public recognition of her work with the young people was given when she was presented with an Honorary Golden Gleaner Pin, which is cherished greatly by her.

The fame of the local ox team owned by Clarence Allred has travelled far and wide — those in charge of the Plowing Contest in Portage la Prairie this year wrote to Clarence about having the oxen appear in their show but due to the heavy expense of transportation it was impossible for the deal to be made.

The oxen will be appearing in the Raymond Stampede and the big Parade on the First of July though, so everyone in this area will be afforded the opportunity of seeing an ox team complete with yokes, in action.

Rotarians Entertain NATO Students

The Raymond Rotary Club recently had the pleasure of entertaining six NATO student pilots and one of the instructors from the Air Station at Claresholm. F.O. Bill Harker formerly of Magrath brought the boys down for the very enjoyable meeting that was under the sponsorship of the International Service Committee with T. Geo. Wood as chairman.

After a very delicious meal served by Mrs. Thompson and Mrs. McKean and a few remarks of Lambert Pack, a former president of the local Rotary Club, Mr. Wood told briefly the aims and ideals of Rotary and then called upon F.O. Harker for an explanation of the program at the Flying School.

Bill told the Rotarians and their guests that the men who are sent to Claresholm are the cream of the crop and are outstanding examples from those countries forming the North Atlantic Treaty Organization. He said that there were about 300 cadets at the Station with 150 instructors and the other necessary ground personnel.

The students are there for about 36 weeks with their day being divided half and half of ground school instruction and flying instruction. Mr. Harker explained a little of the instruction procedure saying that all conversation proceeded from the instructor and student was English and the great majority of the cadets were very quick to learn.

"Personality Parade" Winners

Pictured above are the winners of the "Personality Parade" recently sponsored by the Raymond Mercantile. Over 100 children were entered in the contest with the winners receiving large colored photographs and gift certificates from the Mercantile. One unusual feature of the "Parade" was that the judges, who did not know any of the children picked the two sons of Mr. and Mrs. Kin Bullork as winners. Bruce (upper left) won first prize while Brian (right centre) was one of the third prize winners. Rodney (upper right), son of Mr. and Mrs. Jack Nishiyama, placed second with Pamela daughter of Mr. and Mrs. M. Takeda; Shari-Lynn, daughter of Mr. and Mrs. Duke Helgeson; and Becky daughter of Mr. and Mrs. Bill Rodeback winning the other third prizes.

The photographs were all on display at the Mercantile for a week and provided a very interesting picture study of the youngsters of the Town.

Handicraft Show Planned For Stampede Day

Plans for a Handicraft and Art Exhibit are progressing favorably under the able direction of Father Marlen who has some very interesting items already lined up. This display will be shown at the Second Ward Recreation Hall on Thursday, July 1st and will be open to the public with no admission being charged. Anyone having any works of art or handicraft they wish to enter in this display are asked to contact Father Marlen or Max Hamilton.

This is a continuation of the community enterprise that is making the Raymond Stampede possible this year so everyone in the Town and District and from surrounding Towns are asked to make entries for it is a success this year it will be sponsored again next year even bigger and better.

The Ladies Literary met at the home of Mrs. Ethel Jacobs last week with Mrs. Anne King as co-hostess, to enjoy the review of "The Silver Chalice" as given by Mrs. Louie Taylor.

The wedding music was played by Emma Dahl. Reed Fawns Is Laid To Rest

A large congregation of friends and relatives attended the Funeral Services held in the Stake House Tuesday for Reed Fawns, to pay last respects to him, and extend their sympathy to the family of this young man who was called suddenly and unexpectedly to fill greater mission.

After the opening number by the choir, "Love At Home" directed by Joe McLean with Emma Dahl at the organ, the Invocation was offered by T. George Wood followed by opening remarks by Bishop Rulon Dahl who conducted the Services. "In The Garden" was rendered by the Temple Hill Quartet after which Woodrow Stringham of Milk River who had been associated with Reed during his term of Stake Missionary there spoke followed by the remarks of Bishop Snow who spoke of his experiences with Reed and his family. Mr. and Mrs. Jim Harker sang the lovely song "Beyond The Sunset" following which Dick Kinsey spoke as missionary and time friend after which another vocal number was rendered by Gen Hawkins Laura Watson and Jeanine Jensen "In The Temple of The Father." Pres. Hale of Blackfoot, Idaho was present for the funeral and in his talk mentioned that during the time he was Reed's Mission President in Samoa, Reed had been a faithful worker and exercised care and thought before giving an opinion on the problems they might have. After Jeanine Jensen's solo, "The End of A Perfect Day," Bishop Dahl expressed the family's appreciation for the kindness of their many friends. The Benediction was offered by President Palmer before the Choir concluded the Service with "Though Deepening Trails."

ROTARIANS ENTERTAIN (continued from page one)

Mr. Wood then called upon the Cadets to give tell about their training in their own countries and what the future held in store for them. Mostly the boys, whose ages were from 20 to 26, planned on staying in the service, returning to their home-lands as instructors. Cpl. Jutten from Holland, Sgt. Chahbozian from France Flight Cadet Guest from Ontario, A. P.O. Watkins from England, 2nd Lt. Smith-Salbaken from Norway and Student Pilot Thygesen from Denmark were the student pilots.

After their very interesting reports Mr. Wood said that these boys and those like them were the "Guardian of Civilization" and that while their training was a very good thing it was the heartfelt wish of everyone present that their training would never have to be used in other than peaceful pursuits.

Bob Zobell, a former fighter pilot, was called on and he said that the N ATO program was a fine example of people and nations co-operating for the peace of the world. Bill Mehew and Jim Bridge, also Air Force veterans, spoke briefly on their experiences — both serious and in the lighter vein.

After "God Save the Queen" the cadets and Rotarians and other guests enjoyed a period of conversation and discussion before the visitors were taken on a short tour of the Town and told of its founding and other things of interest.

ANDREW WALTONS (continued from page one)

In 1945 Mr. Walton retired farming and has enjoyed a well earned leisure with his wife and close friends of many years.

On Tuesday about one hundred and sixty friends and relatives called at their home to honor them on their Golden Wedding Anniversary. The guests were greeted at the door by Mary Jensen and after extending their congratulations to the honored couple they were served a dainty lunch from tables decorated with gold and purple flowers. The 3 tiered wedding cake was embedded in green simlax with gold flowers and candles on either side. Those assisting with the lunch were Mildred Jensen, Lu Shaw, Eunice Snow, Lois Grant, Melba Woolley, Rhea Jensen, and Beth Galbraith.

One of the highlights of the evening was the fact that four couples who have been close friends for many yrs. (all of them whom have celebrated their Golden Anniversary), Mr. and Mrs. C. D. Peterson, Mr. and Mrs. L. D. King, Mr. and Mrs. D. A. Bennet and the Walton's were able to be together and have a picture taken in remembrance of the occasion.

Mr. and Mrs. Walton have received a scroll reading, "May I extend to you on behalf of the Government of the Province of Alberta heartfelt congratulations on your 50th Wedding Anniversary and express the hope that you may both enjoy many more anniversaries in good health and happiness. Ernest C. Manning, Premier," from Edmonton to mark the very happy occasion.

A man who was fond of playing practical jokes sent a friend a telegram collect, which read: 'I am perfectly well.'

All of us are shareholders in the Tourist Industry because its benefits extend to every community. The tourist dollar circulates faster than the savings bank dollar . . . Second - it does not wait for mark-down days and bargain sales . . . Third - it can afford to buy things that its spender wants . . . Fourth - it purchases the things the average person doesn't need . . . Fifth - it comes in a spending frame of mind . . . Sixth - it increases sales without overhead . . . Seventh - it pays . . . Eight - it is earned elsewhere and is added to the capital wealth of your community.

We are fortunate in having such a wonderful province with its wealth of pleasure resort - its mountains and lakes, parkland, trout streams and game - things that our visitors enjoy. But those assets alone are not enough. We must be sure that our accommodations are up to required standards, both as to bed and board, and that consideration be given to the introduction of all the latest modern trends in facilities and service, such as the American and our own Canadian visitors are increasingly and enthusiastically patronizing.

In the matter of cuisine, interesting and colorful menus featuring variety and a proper balance of foods, with special attention to meals for children are furnished.

We must attend to fish and game conservation and education so that a sustained yield from forest and stream can be assured both our own sportsmen and our tourist guests.

We must be aware of the opportunities to increase package deals for travellers, linking our resort areas with transportation and other services. This package trip idea is proving a great booster to the tourist trade.

We must ensure that friendliness and courtesy are practised on an increasingly scale. It costs nothing to be cheerful, and you'll find that courtesy pays.

In the ten years from 1941 to 1951 the number of retail stores in Canada increased from 137,331 to 151,611 and retail sales increased from \$3,441 millions to \$10,654 millions.

Waterton Lakes National Park will have its biggest day ever on June 26th. All the Chamber of Commerce and Boards of Trade of Southern Alberta are planning together to have a grand jubilee. It is planned to have a parade including Indians, Mounties, the R.C.A.F. band and horses. A ceremony at the site of Oil City on the Akamina Highway will dedicate a memorial marking the location of one of the first oil wells in Alberta.

During the day there will be fishing rodeo, Indian games, boat races, a barbeque and a big square dance.

It is anticipated that thousands of Southern Albertans as well as many of our friends from across the line will be in Waterton for the big day. An endeavour is being made to have special busses operate to Waterton on June 26th so that everyone will have transportation facilities available to take them to Waterton.

Quick Trick for The Kitchen
Pineapple Sausage Appetizers — These tempting appetizers are served either hot or cold—and each guest makes his own! Cut little cooked pork sausages in half-inch pieces and put them in your chafing dish; pour pineapple juice over them and have simmering hot for serving. Have your prettiest crystal dish nearby filled with drained pineapple chunks. Just stab a pineapple chunk with a piece the sausage and eat both together from the pick. This saves lots of last-minute kitchen work.

True Clue
Most people talk of signs of spring in terms of all the birds that sing. Or March winds that have blown away. Or buds that should be blooms in May. But this sure clue is what I find is most familiar in my mind:

"Yes," Freddie replied, "I made him eat a blotter."

"Oh, Edgar," she sighed "There must be!"

A fellow walked into a pool hall and was astounded to see, at one of the tables in the rear, a dog playing poker with four men. Walking over to the table, he watched the game for awhile becoming more and more excited at the amazing spectacle. Finally, unable to contain himself any longer, he tapped one of the players on the shoulder and said in an awed voice, "Gosh, that must be an awfully smart dog." Nah, he ain't so smart," was the reply. "Energy time he gets a good hand he wags his tail."

The Raymond Baseball Ass. entered into the Big Six baseball loop has definitely been accepted. This is good news, as it is felt that the stiffer competition will bring out better crowds. The local team will be against some stiff ball clubs who have been in the loop for many years. Among these are the Magrath Eagles, Nieses, an All-Star club of the Japanese boys, Taber and Picture Butte, not to mention Spring Coulee who, along with Raymond, will be making the big step this year. These teams should provide the Raymond and district fans with some mighty fine ball playing. It is felt that with the addition of Larry West, who pitched expert ball in the past year, and Reed Hicken, along with Al West, who won seven games in the Sunshine League twirling for Raymond, we should have a team good enough to put up a fight for the top of the heap.

The tryouts which have been held the past week were well attended and lots of material was displayed. It is hoped that several of the Japanese ball players from the local Bussies will be put into harness for the coming season. These boys know their ball and would be of great assistance to the club. Curt West and Roy Minion from the RAAA which affiliated with the Baseball Club last fall. The Club plans to use the diamond at the Fairgrounds for their homegames this year. Work has been done on the field and it has been made into a good playing park with bleachers to boot, something that is not enjoyed at Victoria Park.

One uniform has still not been handed in for clearing. Anyone knowing the whereabouts of the suit is asked to please get in contact with Roy Minion.

Exhibition Baseball.

The local entry into the Big Six Sen for Mens Baseball loop got its first taste of baseball this season on Mon. when they took on the Lethbridge Miners. The game was not important but only served to give the club a little pre-season warmup.

The game ended in a draw as both clubs scored eight runs apiece. All the local players who turned out were given a taste of the game, three pitchers were used and the infield was switched about. The visiting Lethbridge team was an up and coming ball club. Although Raymond sluggers knocked three Lethbridge twirlers for a number of good hits, they were so scattered as to be not as effective as they might have been. The big blow of the game came in the form of Larry West's long homer with two mates aboard.

The fairground has been really worked over and a new score board has been erected in right field to let the spectators know just what has happened.

The following is the newly released schedule for the 1954 season:
June 20 — Taber at Raymond
June 27 — Raymond at Picture Butte
July 4 — Raymond at Nieses
July 11 — Magrath at Raymond
July 18 — Picture Butte at Raymond
July 25 — Raymond at Magrath
August 1 — Raymond at Spring Coulee

Mr. and Mrs. Danny Walton of Glenora where they are working as missionaries with the Indians, and Mrs. Rhea Lawlor of Calgary were among the out of town visitors at the home of Mr. and Mrs. Andrew Walton on their Anniversary.

Barbara Stone and Paul Lewis (continued from page one)

Following the ceremony a Reception was held in order that their many friends and relatives might call to extend their felicitations. The guests were greeted at the door by Mr. and Mrs. Lincoln Wood and Mr. and Mrs. Bill Fairbanks, with the gifts being arranged by Mrs. Dora King assisted by Roberta Stone. Mrs. Lois Peterson was in charge of the guest book.

After greeting the bridal party, the guests were shown to the Buffet Table by Mr. and Mrs. Howard Rasmussen. Smilax was entwined around the base of the three tiered wedding cake which graced the bride's table covered by a crocheted edged table cloth. White tapers flanked the cake on either side.

While the guests were arriving soft music was played by Maybelle Anderson.

The Master of Ceremonies for the entertaining program was Don McLean whose anecdotes between the following numbers caused a lot of fun. Shirley King rendered a saxophone solo, followed by a piano duet by Kay and Margaret Stone. Two readings were given, one by Teddy Nelson and one by Betty Evans after which Farrel Nelson sang a vocal solo, followed by a quartet made up of Frank Taylor, Ira McBride, Deb Oler and Paul Redd. Gen Hawkins, Laura Watson and Jeanne Jensen then rendered a vocal number followed by a solo by Jeanine.

For their honeymoon across the line Mrs. Lewis donned a navy blue suit with white accessories, and a corsage of red roses. The young couple will be making their home in Lethbridge upon their return.

For Sweet Flavor

Green peas should be shelled as soon as they are picked to retain their sweetness. Otherwise the sweetness goes into the pods.

If they cannot be cooked at once, put the shell peas into glass jars, cover and place in the refrigerator.

For the same reason, sweet corn should be husked at once and the ears wrapped in wax paper, cellophane, or aluminum foil and put into the refrigerator. The kernels will keep their delicious flavor for several hours.

CO-OP FIELD DAY

June 19th is the date for the Southern Alberta Co-op Field Day this year. Arranged along the same programme as in previous years, extra entertainment has been added and with good weather another highly successful day is expected.

The event will again be held at the Dominion Experimental Station at Lethbridge. Free tickets for ice cream and light refreshment will be given at the gates starting about 9:00 am. In the forenoon, conducted tours of the Experimental Station will be made and the children will be entertained at this time by a series of comic and color travelogue films.

The Pincher Creek band will play from about 11:00 am. thru' the lunch hour and two or three guest artists will also appear. A short programme will be held following lunch with Mr. Walter Derkaz of the Alberta Co-op Wholesale in Calgary as guest speaker. A number of races for the children with prizes will be run plus a horse-shoe tournament and a men's tug-of-war.

To round out the day there will be square dancing on the lawn with Handley's Old Time Orchestra. All guests are asked to bring a picnic lunch and cups. There will be free coffee and ice cream, soft drinks and hot dogs for the children. Everyone is welcome to this day.

Financial sponsorship is given by the following organizations:

Alberta Wheat Pool; Alta. Co-op Wholesale Assoc.; Alta. Poultry Marketers; Central Alta. Dairy Pool; Coalhurst Consumers Co-op; Canadian Co-op Implements Ltd.; Lethbridge Central Feeders; Magrath Co-op Assoc. Ltd.; Pincher Creek Co-op Assoc.; Southern Alta. Tourists Pay Their Way

From the moment they arrive, with every meal they eat, with every bed cover they turn down, with every wheel they turn and every purchase they make, tourists pay taxes of one kind or another, adding to our income, and yet entering into no competition with our labor.

Everyone Benefits

Food producers — the farmers and processors, the manufacturers and retailers, hotels, auto camps, service stations, transportation companies and many other dispensers of goods and services — all benefit from the tourist industry. More than thirty million dollars was spent in Alberta by tourists last year.

Courtesy Pays

Take time to be pleasant. Visitors will put up with or overlook many inconveniences if they receive courteous treatment. Remember, it's not WHAT you do for visitors—but HOW you do it!

Crops in the district are progressing nicely. Winter wheat and rye are well along, especially one field of rye belonging to Frank Harty which is heading out.

Rye will grow under conditions of drought, heat and soil poverty which prevent the growing of wheat.

In the present crop year France has an estimated surplus of 25.7 million bushels of wheat. Already 16.5 million bushels have been sold, with Germany having taken 9.2 million.

At the age of 20, we don't care what the world thinks of us; at 30, we worry about what it is thinking of us; at 40, we discover that it was not thinking of us at all.

For music lovers of the Town the Library has a room set aside as a Music Room where about 110 records are kept to loan out. Among these records are popular and classical with some of the latter being in the near collector's item class. There are also slides and two viewmasters and a record player for children's records. The Canadian Culture Class has assisted in the furnishing of this room — next time you're downtown stop in at the Library and see this room and the many other things offered by the Raymond Memorial Library.

Why Not A Fish And Game Assn?

With all the lakes and streams being formed around here we are wondering why Raymond does not have an active Rod and Gun Club or Fish and Game Association. It has been suggested that a strong organization could do a lot to increase the pleasures of hunters and fishermen in this area. One voice asking for lakes and streams to be stocked with fish or additional pheasants is a voice in the dark but in union there is strength. We were told that if an organization asked the game wardens for these things they would be forthcoming but it is the view of that official that if they are not asked for they are not wanted.

Dance Festival Culminates Years Work

A years work for about one hundred and seventy-five participants and their dance directors was culminated Saturday evening in the Recreation Hall when the annual Dance Festival under the direction of Stake Leaders Mr. and Mrs. Joe Strong was held.

Members of the four Raymond Ward came on to the floor in a Congo Line to do the Jay Jump and Spanish Circle after which Jim Ferguson and Joan Smith of Lethbridge did the Tango, followed by the original group who did the Viennese Two Step and the Desert Stomp. Mr. and Mrs. Ted Kears of Cardston then entertained with the Samba until the Boy Scouts and Bee Hive Girls came out to do The Pop Mixers, Huri Skuri Polka and La Raspa.

A beautiful exhibition of the Viennese Waltz was given by Mr. and Mrs. Scott Forsyth who are the Regional Dance Directors, followed by the Samba Circle, the Dolores by the Lethbridge Stake All Girl group, and Romance, the Floor Show presented at the Golden Green Balls.

Before the orchestra took the stage to give the crowd a couple of hours of dancing, Scott Forsyth gave a short talk about the Dance Festival in Salt Lake where ten thousand dancers will participate this year at the Stadium.

Fanny Litchfield, Winston Shaw and Eugene Dahl were recent hosts to the Course Eight class of the First Ward Sunday School Class at a Basement Party at the John Smith home. The party was planned as a Bonfire affair but inclement weather forced the change. Lots of fun was had anyway with all sorts of games being played with prizes for everyone. A lunch of weiners, rolls, punch and cookies was also enjoyed.
